Solutions for the most demanding gaming environments. Gaming is one of the most technically demanding, highly regulated industries in the world. Monitoring vast, crowded facilities, in low-light conditions where cash is constantly changing hands, creates a unique security and surveillance environment. Against this challenging backdrop, our casino clients demand the most reliable, flexible, and scalable surveillance systems to identify threats, neutralize risk, and protect profitability.

Gaming - Integrated Security and Surveillance Systems

Gambling surveillance officers and gambling investigators act as security agents for casinos. Using audio and video equipment, they watch casino operations for suspicious activities, such as cheating and theft, and monitor compliance with rules, regulations, and laws.
