The birth of a Grand Prix team does not occur every day -- or every season for that matter, Formula 1 is an extremely difficult business to break into, and very few new arrivals survive beyond their first year. That's why the racing world took note in 1997 when a new team bearing the name of race legend Jackie Stewart gained a foothold in the sport. The team has, in fact, been in the news since 1996, when Stewart and his son, Paul, first announced their intentions. Racing Stewart tells the story of this remarkable adventure, charting in full for the first time ever, the birth of a Grand Prix challenger. Hamilton and Nicholson were granted unparalleled access to the team from Stewart's initial decision, giving them a behind-the-scenes look at the peaks and valleys that are an inevitable part of gaining acceptance in this ruthless sport.

Steve Matchett was the rear jack man in the Benetton pit lane team, and was himself engulfed in the terrible fire at Hockenheim. In life in the Fast Lane he reveals the full, inside story of the 1994 season, including the death of Ayrton Senna, the Hockenheim fire, and disqualifications as the Benetton and Williams teams battled for the Drivers' Championship. The final showdown came in Adelaide, the last race of the season, with the controversial accident when Schumacher of Benetton and Hill of Williams collided. Matchett's story of the frantic and unending behind-the-scenes activity in the effort to be the fastest and best in the world is a fascinating account of the high-pressure world of Formula One motor racing.

The lovable heroes of Cars-Lightning McQueen, Mater-as well as a cast of new characters race into action in a brand-new movie adventure, Cars 2 World Grand Prix. This fun-filled shrink-wrapped play box provides an easy-to-read retelling of the movie as well as play pieces, stickers and other elements for interactive play. The Cars 2 Grand Prix Garage Book and Play Box offers both entertaining reading and lots of hands-on play. A 24-page paperback book tells the exciting story of Cars 2, while the shaped box itself opens to reveal a garage-like interior containing scene cards of movie settings, stickers, and play pieces. Cars 2 fans can use these components and scenes to act out the story. The box includes 2 sheets of stickers and two sheets of press-out play pieces featuring Lightning McQueen, Mater, and brand-new characters from the movie.

The path of Grand Prix racing in America wound through raceways at Sebring, Riverside, Watkins Glen, Long Beach, and finally Caesars Palace in Las Vegas. At each stop, the influence of organized crime seemed no more than a handshake away. But at Caesars the vast crime syndicate appeared deeply involved in the operations of the luxury-branded resort. The Caesars Palace Grand Prix then culminated in an unholy alliance of the world capital of gambling, the mob, and the international czar of Formula One. During its four-year run of successive Formula One and CART IndyCar events, the race hosted the biggest names in motorsport--Mario Andretti, Bernie Ecclestone, Roger Penske, Chris Pook, Alan Jones, Nelson Piquet, Niki Lauda, Danny Sullivan, Bobby Rahal and Al Unser among them. The podium celebration of the inaugural Grand Prix put the convergence of alleged organized crime influences and auto racing on public display, while the years that followed provided their own curiosities. This book traces the intertwined threads through decades of accounts, extensive interviews, and the files of the FBI.

In THE LIMIT, Michael Cannell tells the enthralling story of Phil Hill--a lowly California mechanic who would become the first American-born driver to win the Grand Prix--and, on the fiftieth anniversary of his triumph, brings to life a vanished world of glamour, valor, and daring. With the pacing and vivid description of a novel, THE LIMIT charts the journey that brought Hill from dusty California lots racing midget cars into the ranks of a singular breed of men, competing with daredevils for glory on Grand Prix tracks across Europe. Facing death at every turn, these men rounded circuits at well over 150 mph in an era before seat belts or roll bars--an era when drivers were "crushed, burned, and beheaded with unnerving regularity." From the stink of grease-smothered pits to the long anxious nights in lonely European hotels, from the tense camaraderie of teammates to the trembling suspense of photo finishes, THE LIMIT captures the 1961 season that would mark the high point of Hill's career. It brings readers up close to the remarkable men who surrounded Hill on the circuit--men like Hill's teammate and rival, the soigné and cool-headed German count Wolfgang Von Trips (nicknamed "Count Von Crash"), and Enzo Ferrari, the reclusive and monomaniacal padrone of the Ferrari racing empire. Race by race, THE LIMIT carries readers to its riveting and startling climax--the final contest that would decide it all, one of the deadliest in Grand Prix history.

This expert volume examines the engineering, design, and modeling of this classic sportscar through the years--fully illustrated with color photos. Innovative car designer Ettore Bugatti changed the history of both motorsports and engineering with the legendary T35. Introduced at the Grand Prix of Lyon in 1924, its clever engine design, new suspension thinking, and distinct body style marked the beginning of a new era in car racing. Automotive journalist, industrial designer and Bugatti expert Lance Cole pays tribute to this iconic automobile in a detailed yet engaging commentary. Fully illustrated with color photos, this volume chronicles the story of the T35's design and evolution. For the car modeling enthusiast, Cole also details the modeling options in synthetic materials and die cast metals.

A celebration of Brooklyn features more than one hundred original articles that tap into the life of "America's Hometown."

'The story of Brawn GP is legendary... Exciting and magical.' Damon Hill 'Nick Fry and Ed Gorman take us behind the mysterious and tightly closed doors of F1 to tell the remarkable story of the 2009 season.' Martin Brundle Foreword by Bernie Ecclestone The full story of F1's incredible 2009 championship battle has never been told. Until now. In this gripping memoir, Nick Fry, the former CEO of Brawn GP, reveals how he found himself in the driving seat for one of the most incredible journeys in the history of motor sport. At the end of 2008, Nick, then head of Honda's F1 team, was told by his Japanese bosses that the motor company was pulling out of F1 in thirty days. This bolt from the blue was a disaster for the team's 700 staff, for Ross Brawn, who Nick had recently recruited as chief engineer, and for the drivers, Jenson Button and Rubens Barrichello. But in a few short weeks, Nick and Ross would persuade Honda to sell them the company for £1 (plus all the liabilities). Just thirteen weeks later, the Brawn GP team, led by Nick and Ross, would emerge from these ashes, win the first Grand Prix of the 2009 season, and go on to win the Driver's and the Constructor's Championship, with a borrowed engine, a heavily adapted chassis and, at least initially, no sponsors. In Survive. Drive. Win., Nick gives an up-close-and-personal account of how he and Ross turned disaster into championship glory and laid the foundations for what was to become the Mercedes-AMG Petronas F1 team. Along the way he gives the inside track on the drivers, the rivalries between teams, on negotiating with Bernie Ecclestone, on hiring and working with two global superstars: Michael Schumacher and Lewis Hamilton - and offers a unique and thrilling perspective on an elite global sport.
