A controversial take on the Gospel of Matthew applies the text to history and discusses its implications for political power and spirituality. Original.

The book studies the relation between the avant-garde and graphic humour in two critical historical periods: the Spanish Civil War (1936-1939) and the early years of the Cuban Revolution (1959-1961). It focuses on the so-called war magazines in Spain on the Republican side (No Veas, Trincheras, and LEsquella de la Torratxa, among others) and the Francoist side (Vértice and La Ametralladora). In the part devoted to

Cuba, the analysis covers the newspaper Revolución and the avant-garde humour magazine El Pitirre, which ran simultaneously to the cultural supplement Lunes de Revolución and shared the same fate when Lunes and El Pitirre were closed down in 1961. The book unveils the trajectory of the avant-garde graphic humour in both periods, when the political commitment progressively overshadowed the development of the aesthetic avant-garde. The special socio-political conjuncture posed ideological and aesthetic-conceptual challenges to graphic artists, establishing contact areas and influences between Spain and Cuba.

been fully revised to include many of the most significant developments in Anglo-American political philosophy in the last 11 years, particularly the new debates on political liberalism, deliberative democracy, civic republicanism, nationalism, and cultural pluralism." "The book now includes two new chapters on citizenship theory and multiculturalism, in addition to updated chapters on utilitarianism, liberal egalitarianism, libertarianism, Marxism, communitarianism, and feminism. Extended guides to further reading have been added at the end of each chapter, listing the most important books and articles on each school of thought, as well as relevant journals and web sites."--BOOK JACKET.

today reject Christianity not because
they think it is false but because they

believe it is irrelevant. John Stott
knows otherwise. In this book he

challenges all of us to move with the
times while standing firmly on the
truth of God's Word. "To be

'contemporary' is to live in the
present," Stott writes. "To be a

'contemporary Christian,' however, is
to ensure that our present is enriched
both by our knowledge of the past
and by our expectation of the future."

The challenge, then, is to be both
conservative and radical--conservative
in guarding God's revelation and
radical in applying that revelation to
the realities of the contemporary

world: space travel, homelessness, genetic engineering, pollution, war, health care, gang violence, education and more. Opening our eyes to the Word and the world, Stott shows how Christianity can speak effectively and relevantly to the contemporary world. He includes chapters on the human paradox, authentic freedom, mind and emotions, evangelism and social action, the pastoral ideal and dimensions of renewal. For those familiar with Stott, *The Contemporary Christian* is a "must-read" book. For those who have not yet benefited from his insight and passion, *The Contemporary Christian* affords the perfect opportunity to get acquainted with one of the most widely read and respected Christian thinkers at work today.

Many coastal communities in Latin America and the Caribbean depend on the resources provided by reefs for their livelihoods. The Reefs at Risk in the Caribbean project is a response to an information need. The primary goal is to raise awareness and improve management by improving the knowledge base on the status of and threats to coral reefs.

The Eucharist should not be limited to the congregation that gathers to hear the word of God and proclaim its faith. It is, first of all, the active presence of the sacrifice of Christ, who gathers us together and lets us partake of his divine life through his body and blood in Communion. Christians are always hoping to find helpful ways to contemplate the eucharistic mystery in all its fullness, and this set of

meditations by Father Raniero

Cantalamessa - presented by him in the presence of Pope John Paul II - is written in a simple and warm style and nourished by Scripture and the teachings of the Church Fathers from both the East and the West. These meditations answer the needs of all who hope to experience the radiant and radiating Eucharist that shines into their hearts and into the life of the Church.

Mary is a great gift and example to all Christians because in her God's Word was written and by her it was accepted and its grace manifested. In this she is, as the title indicates, a mirror of the Church, the people of God. She reflects what we are called to

be. While this work cannot help but discuss aspects of Mariology, it is not so much a study as it is a pilgrimage. Reflecting on and following Mary's example, as Father Cantalamessa presents it here, we enter into a pilgrimage of listening and obedience to God's Word.

A novel of Havana. With passion and eloquence, master craftsman Abilio Estevez brings to life the mysterious, broken down city of Havana on the eve of the new millennium. Victorio, a lonely, middle-aged gay man, awakes to the news that the ancient palace where he rents a tiny apartment is scheduled to be demolished, leaving him homeless. Wandering the streets in search of a new place to call his own, he meets two unusual people who are destined to change his life:

Salma, a young prostitute, and Don Fuco, an eccentric old clown who brings both of them to live in his own refuge, an abandoned theater. In a city riddled with conflict and no longer tolerant of outcasts, the pair find solace in one another and in the dilapidated theater that shelters them, and a renewed joy in their collective abilities to entertain people with their clowning. But when the harsh realities of life intrude on their self-contained utopia, Victorio and Salma are forced back out into the streets, where they struggle to keep beauty and laughter alive.
